APSEC is the leading international conference in software engineering and technology in the Asia-Pacific region. This year's conference is being held at the Gold Coast from 4 to 6 December and incorporates ASWEC.

WHO SHOULD ATTEND?

APSEC 2002 will bring together researchers and practitioners from

- Industry
- Academia
- Government

APSEC 2002 will advance the state of the art in software engineering and technology and encourage collaboration between academics and industry.

Online information about the conference is available at:

www.apsec2002.acs.org.au where you can register to receive regular conference updates.

INVITED KEYNOTES:

- Dr Stephen E. Cross (Director of the Software Engineering Institute, Carnegie Mellon University, USA)
- Professor Pankaj Jalote (Indian Institute of Technology, Kanpur, India)
- Professor Ross Jeffery (University of New South Wales, Australia)
